Information regarding the organization of the test exam and the exam

On Tuesday, December 1st we will have our question hour and the test exam during the lecture (10-12). The final exam will take place on December 8th, 10 o'clock.

For the question hour: Please enter your questions into the google table, such that we can prepare and make the question hour more efficient (we only have a Q&A if there are questions): https://docs.google.com/spreadsheets/d/16QF1MsA8rmIfx5nn4C81_DMhHi-nyuC6MmsRf6aOiZU/edit?usp=sharing

The test exam/exam will be a 60-minute multiple choice quiz including single choice and multiple choice questions. Read carefully how many answers are expected (if you cross more answers than expected, you get 0 points).

For the test exam and the exam, you need a computer/laptop with stable internet connection and a webcam. You must stay in the zoom meeting during the whole exam. For the test exam we will use the same link as for the lecture. For the exam, you are provided with a zoom link per email, shortly before we start.

During the test exam/exam we will check your identity, to make sure that it's you in front of the camera. **It is important that you login with your full name into Zoom and that you send a photo/copy of your ID prior to the exam (e.g. per email)!** In addition, you will be asked to show your camera around, so that we can make sure that you are alone.

To access the test exam/exam, you are provided with a moodle-link and then you have to login with your NETHZ or UZH account. Please make sure that you have your login and password ready. To test if everything works out, please try to login to moodle: https://moodle-app6.let.ethz.ch/mod/quiz/view.php?id=3108. The test exam will be made available for two days, for those of you not able to attend the test exam on December, 1st.

We do not expect questions during the exam, however, if you feel there is an urgent question during the exam, contact us via private chat in zoom or, if this does not work, via discord. If an urgent bathroom break is necessary, also let us know via zoom or discord.

Do not leave the zoom room until we tell you!

An official guideline from ETH can be found under this link, please read it carefully: https://ethz.ch/content/dam/ethz/associates/services/lehre/lehrbetrieb/leistungskontrollen/files-en/RemoteExamMoodle_StudentZoom_EN.pdf
